Communications-Electronics Life Cycle Management Command

Industrial Base: Providing Critical Support During Critical Times

Mr. Edward G. Elgart
Director, Acquisition Center
14 June 2005

Why Is the Industrial Base Important?

- **Industrial Base Provides:**
  - **LOGISTICAL SUPPORT**
  - **TECHNICAL SUPPORT**
  - **COMBAT SUPPORT**
  - **COMBAT SERVICE SUPPORT FUNCTIONS**

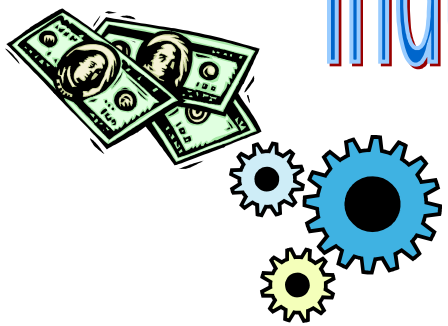
"Army Increasingly More Reliant On Private Companies"

Who does the Industrial Base Support?

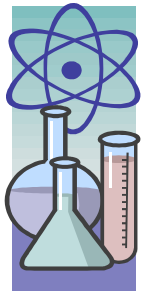
THE WARFIGHTE R!

Industrial Base

Capab



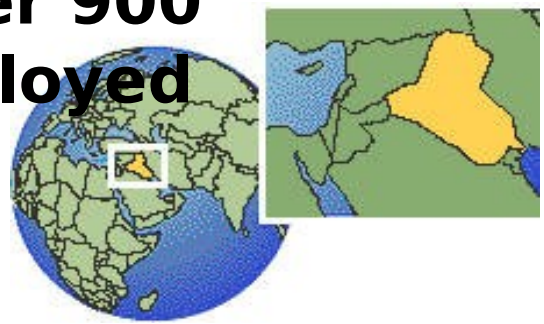
Technologies



Warfighter Capabilities

Where's Industrial Base Support Provided?

- **Operation Desert Storm-** over 900 contractors personnel deployed to provide maintenance, technical assistance, and equipment support.



- **Operation Enduring Freedom (OEF)/ Operation Iraqi Freedom (OIF) –** over 32,000 repair actor personnel in the Central ommand region sent by AMC alone

How does the Industrial Base Provide Support?

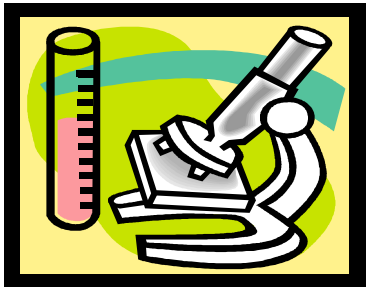
- **SERVICE CONTRACTING**
  - **Trend is increasing reliance on contractors providing support services**
  - **Improve efficiencies and effectiveness of service contracting – *Maximize Results***
  - **Focus on increasing contract quality and cost savings**
  - **Implementing Industry's 'best practices'**

• CONTRACTOR DEPLOYMENT

- **Providing support and resources quickly in response to changing requirements.**
- **Can extend existing military capability.**
- **Providing capabilities for which no military capability exists.**
- **Providing alternative sources of supplies and services.**

- **PARTNERSHIPS (Industry & Government)**
  - **Developing Incentives for Enhancing Productivity**

  - **Matching Innovative Capabilities and Companies with Defense Strategy**
  - **Revitalizing the Defense Industrial Base Workforce**
  - **Supporting Research and Development**



- **SYSTEMS CONTRACTING**

  - **HARDWARE**
  - **SOFTWARE**

  - **LOGISTICS SUPPORT**

  - **PERSONNEL**

…To provide state-of-the-art, technologically superior systems…

What Systems does the Industrial Base Support?

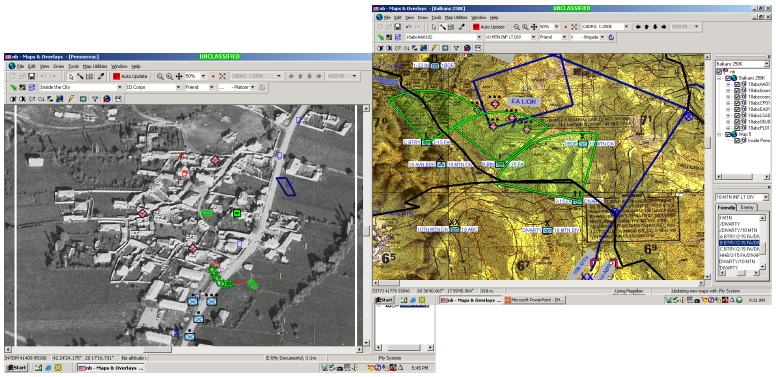
In support of *Operation Enduring Freedom*,

and *Operation Iraqi Freedo*

C-E LCMC Weapon Systems

Commanders and battle staffs were able to formulate and change battle plans more rapidly then ever before, due in large part to C-E LCMC

- **Global Command and Control System – Army**
  - **Common battlefield picture to Commanders and their staffs**



- **Maneuver Control System – Light**

Component of Army Battle Command System (ABCS), provided lower Echelons the ability to plan, rehearse, execute missions within a common battlefield

- **All Source Analysis System**

Combined intelligence info with known enemy positions

Force XXI Battle Command Brigade and Below (FBCB2)

- **Cornerstone of digitization of the battlefield**
- **Blue Force Tracking for Coalition Joint Forces Land Component Command for situational awareness and ability to track all units**

FBCB2/BFT Installed in a Combat Vehicle

SHORTSTOP Electronic Protection Systems (SEPS)

- **Electronic warfare system**
- **Automatically detects proximity of fused munitions**
- **Pre-detonates munitions, protecting personnel and high value targets from mos t indirect reats**

Manportable SEPS

Stand-Alone SEPS

Firefinder

- **Detects exact location of hostile artillery, rocket, and mortar**
- **Allows soldiers to fire back and destroy the source**
- **Can also be used to detect friendly fire**
